PROFESSIONAL SUMMARY

Third-year Engineering Science (Digital Arts: Game Design and Software Engineering) student at the University of the Witwatersrand with hands-on experience in software engineering, front-end development, game development, and embedded systems. Proficient in Python, Java, C#, C++, JavaScript, and SQL, with project experience building web applications, multiplayer games, and interactive systems. Currently completing IBM Full Stack Software Developer, IBM UI/UX Designer, and Meta Front-End Developer professional certificates. Combines technical development skills with a proven record of reliability across legal, non-profit, and administrative environments.

TECHNICAL SKILLS

- Programming Languages: Python, Java, C#, C++, JavaScript, SQL, Assembly
- Web Development: HTML, CSS, React, Responsive Web Design
- Game Development: Unity, Unity Netcode, C#, Gameplay Systems, Game Design
- Embedded Systems: Arduino, Assembly Programming
- Databases: SQL, MySQL, Microsoft Access
- Tools & Platforms: Git, GitHub, Figma, Canva, Microsoft Office, Sage Accounting
- Core Competencies: Problem-Solving, Research, Cross-Team Collaboration, Financial Literacy

PROJECTS

Portfolio Website

- Designed and developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React to showcase software engineering, front-end, and game development work.

Static Mind — Unity Game

- Developed a psychological horror game in Unity, implementing gameplay systems, AI-driven interactions, and progression mechanics using C#.

Morabaraba Multiplayer

- Built an online multiplayer version of the traditional board game Morabaraba using Unity Netcode for GameObjects and Relay, implementing real-time networking and game-state synchronization.

PROFESSIONAL EXPERIENCE

Administrative Volunteer | Ernie Els for Autism, Rosebank, South Africa

September 2025 – November 2025

- Completed daily administrative tasks over a 3-month placement, supporting organized recordkeeping and a structured, safe environment for children with autism.

Animal Care Volunteer | SPCA Johannesburg, South Africa

May 2024

- Carried out daily feeding, exercise, and cleaning routines across multiple shelter kennels, maintaining welfare standards for animals in care.

Tuck Shop Volunteer | Merensky Agricultural Academy, Tzaneen, South Africa

February 2022 – October 2022

- Operated the school tuck shop on a rotating weekly basis, handling stock control and cash transactions as part of a student team.

Job Shadow, Legal Practice | Botha & Lovegrove Attorneys, Hoedspruit, South Africa

June 2022

- Drafted contracts and wills under attorney supervision and conducted legal research across multiple active case files.
- Managed filing and document retrieval as part of a team, supporting day-to-day case preparation.

EDUCATION

Bachelor of Engineering Science (Digital Arts): Game Design and Software Engineering

University of the Witwatersrand, Braamfontein, South Africa | 2023 – Present (Expected Graduation: 2026)

- Completing a multidisciplinary curriculum combining Electrical and Information Engineering with Digital Arts, covering software engineering, embedded systems, computer architecture, game development, and interactive design.

National Senior Certificate (Matric)

Merensky Agricultural Academy, Tzaneen, South Africa | 2018 – 2022

- Subjects: Mathematics, Physical Sciences, Life Sciences, Accounting, Information Technology.
- Achieved 5 Academic Achiever Awards (Silver: 2018–2019, Bronze: 2020–2022) and Triton Gold (2022).
- Served on the school executive committee for one year; competed in Debating, Word Worx, and Sêr Acapella.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- IBM Full Stack Software Developer Professional Certificate, Coursera — In Progress (started May 2026)
- IBM UI/UX Designer Professional Certificate, Coursera — In Progress (started June 2026)
- Meta Front-End Developer Professional Certificate, Coursera — In Progress (started July 2026)
- Database Theory (2025)
- Programming Fundamentals 3 – Java (2025)
- Programming Fundamentals 2 – Object-Oriented Programming with Java (2025)
- Fundamentals in Python, Certificate (2024)
- Sage Accounting, Grade 10–12 (2022)
- Computer Talent Search: Silver (2018), Gold (2019)
